INTRODUCTION

Your Stories, Your Mission, the NNN Center Stage.

What stories would you tell if your mission was put in front of more than 500 NTDs professionals worldwide?

The Annual NNN Conference is where stories, ideas, and solutions come to life, edging us ever closer to the goal of NTD elimination. From international organizations spread across the globe to regional organizations focusing on implementation, the Annual NNN Conference affords a unique opportunity to put your vision on the map.

And the best way to do it, is to BECOME A SPONSOR.

ABOUT US

The Neglected Tropical Diseases (NTDs) NGO Network is a global forum for NGOs to contribute to the global control, elimination, and management of consequences of NTDs as outlined within the internationally agreed WHO NTD road map. The NNN was established in October 2009 with a handful of members, and today, the NNN stands strong with more than 90 member organizations in its fold.

Our Vision is a world free of NTDs.

Our Purpose is to enhance the contribution of NGOs towards that vision.

Our Objective is to be the unified NGO voice on common issues and enhance our community.
