

DELEGATE PACK

What's Inside :

- Conference information
- How to join the sessions & recordings
- Interaction (attendees and session)
- Technical support

Conference

Theme

The theme for the 2023 NNN Annual Conference is **"Reaching new frontiers - powering a new generation of leadership and cross-sectoral collaborations to end NTDs."** The theme reflects NNN's commitment to cross sectoral collaborations and partnerships centering endemic voices in the fight against NTDs. It stands on the pillars of the WHO NTD Roadmap, and also forms the basis of our sub-themes:

- Addressing social determinants of health
- Advancing health equity for hard-to-reach communities (to include gender, disability, refugees, IDPs)
- Building evidence for action
- Communication / Advocacy
- Cross-sectoral streams
- Health systems strengthening & capacity building
- Mental health NTDs and quality of life
- Technological innovation & solutions

Agenda and speakers

High-level timetable is available on the main NNN website [here](#).

For the latest information regarding the agenda and speaker please consult our Event Platform.

Event platform / App

How to access

You will be able access the NNN official event platform via desktop or by downloading the App on your phone. With the NNN Event Platform / App you can access the full agenda, receive the latest updates, be able to connect with other attendees, view recordings and more.

Important! For viewing the livestreams, please make sure to use the desktop version.

Desktop version: [click here to access](#).

You can download the mobile version for a better interaction with attendees including messaging, accessing notifications, and more.

- Go to your App market and search for CrowdComms
- Add the event code: NNNConference2023

If this is the first time you are accessing the App you will be required to setup a password. You can click on “Forgotten Password” if you are not able to create a password straight away.

To get access to the content make sure you are using the same email address you used to register for the conference.

How to join the sessions

Open sessions

Click on the session you would like to join and you should be able to access the live stream.

Closed sessions

Please note that there are some sessions which are “closed” – these will not be accessible through the platform so please [contact the events team](#) if you would like to join them.

Session time

You can see the session in your local time on your agenda, making it easier for you to be right on time.

Interpretation

Please note that the conference is in English, but some sessions have language interpretation. Please see the language tag on the individual session on the agenda for the list of all available languages.

Recordings

If you are unable to join a session at the session time, recording will be available within the same day on the session page.

Interaction

Session

On the right-hand side of the live stream for each session you will find the Chat section where you can ask your questions to the speakers. The chat will be monitored by a moderator who will pick up and select questions to ask to the speakers.

Attendees

Hover over the main App menu and go to Attendees. You will be able to see all the in-person and virtual attendees and can send a direct message to start a conversation.

Please note you will be able to also reach speakers and organisers by direct messaging and can see their profiles through the Speaker and Support sections.

Questions?

If you require support, please email the Events team on admin@nnnevents.com. We will endeavour to respond to your enquiries as soon as possible, but please note that there could be delays due to team travel.

If your request is urgent, please re-sent your original email with “Urgent” in the title.
