Submissions that most closely align with the 2025 NNN Conference theme: "Sustainable Innovations for Impact - Transforming the Fight Against NTDs" and the strategic objectives of the NNN will have the strongest chance of selection. The theme merges sustainability, innovation, and impact, ensuring that technological advancements and new strategies lead to long-term success in eliminating NTDs. The focus on sustainable programming aligns with the WHO NTD road map overarching objectives.

Please make sure to read through the notes below before submitting your proposal. A selection committee will review the proposals that are received no later than **Sunday 20th April 2025 23:00 ET**.

POSTERS

WORKSHOP SUBMISSION: BEFORE YOU START

- Who can you collaborate with?
- Inclusivity and voices
- Alignment with the themes
- Examples of best practices and lessons learned to feed into discussions
- Opportunities to input into work in progress

WORKSHOP DO'S...

- Have a clear objective/output
- Use an interactive format. Think outside the box!
- Use presentations as discussion starters
- Allow enough time for fruitful discussion
- Focus on facilitation

☐ **Leads of selected workshop will be offered further support on organising interactive workshops**

...AND DON'TS

- Don't use workshops to just showcase work or share information
- Don't rely overly on presentations/ panels
- Q&A is not interaction!
